

Diba BES | QCTO accreditation announcement

We are proud to share that Diba BES has been awarded QCTO accreditation for skills development.

This accreditation formally recognises our capability to deliver structured, quality-assured training aligned to occupational standards - strengthening our ability to support compliant, competent, and safety-focused workplaces.

For our clients, this means greater confidence that training is not only practical and industry-relevant, but also aligned to national quality and compliance requirements.

We look forward to continuing our work in supporting skills development, occupational health and safety, and long-term capability building across the sectors we serve.
